

The IGLOO Program

Club de curling Vallée de la Gatineau 2018-2019

What is the IGLOO program?

The Igloo program was designed to use curling in the promotion of sport and physical activity among children in elementary schools. For one lesson of 90 minutes per week, participants will gradually learn the basics of curling, although the main goal of this program is to give kids an opportunity to practice and enjoy curling within a safe and fun atmosphere.

Who is the focus of the IGLOO program?

The Igloo programs targets elementary school students aged 6 to 12 years old. This program is perfect to develop our future generations of curlers from a very young age.
